Dear [redacted]

During your last visit we made tentative arrangements to conduct physical examinations on KJ's pilots. I have discussed this subject with Dick and we agree that these examinations should be conducted when convenient for all concerned. Accordingly, the following men will report to you for examinations in the near future:

STAT

Details of scheduling will be arranged locally between KJ and yourself. I am notifying KJ of this.

With regard to the disposition of all physical examination reports. I wish to reemphasize that they should be sent to [redacted] at the Pentagon. Phil has agreed to bring them to me as soon as they arrive. This system should remain in effect until we are organized in this headquarters to handle and evaluate such documents.

STAT

We are still in need of a medical plan, which I believe you are working on. When the plan is completed, please send it to me at my home address [redacted].

STAT

I hope that the arrangements that we have made during the past week or so will begin to bear fruit. It is my understanding that you will start physical examinations on some other individuals on Monday, 21 November, and we hope that in the next month or so we will have a considerable number of applicants for processing through your Clinic.

Sincerely,

[redacted]
Colonel, USAF
